**THE CHICAGO DENTAL SOCIETY**

*May 15, 1957*

*Volume 33 • Number 10*

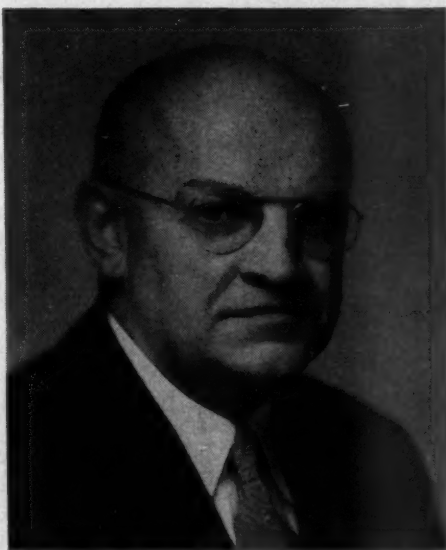

## **Newly-Elected Officers to Be Installed On May Twenty-First**

**O**n May 21st, the annual installation of the officers for the year 1957-1958 will take place at the Conrad Hilton Hotel at 8:00 p.m. At that time the newly-elected directors will also be installed by Dr. Edward Luebke as one of his most pleasant duties in a year which has been marked by many new successes, and in keeping with the tradition of the Society. The new members of the official family will assume office on June 1st, 1957.

Those to be installed are Dr. Walter E. Dundon as President, Dr. James N. Lynch, Vice-president; Dr. Ernest Goldhorn, Secretary; Dr. William Vopata, Treasurer; and three new directors—Dr. Adolph Stark of the West Side Branch, Dr. Clarence Simon of South Suburban Branch and Dr. Jesse Carlton of Kenwood-Hyde Park Branch. The newly-elected President-elect, Dr. George W. Teuscher, will be installed at the May,

1958 meeting, assuming office on June 1.

To the retiring officers and directors, we would express our very deep gratitude for a wonderful job well done. The Society is in your debt for the very able and businesslike manner in which Society affairs were directed.

**Dr. Walter E. Dundon, President**

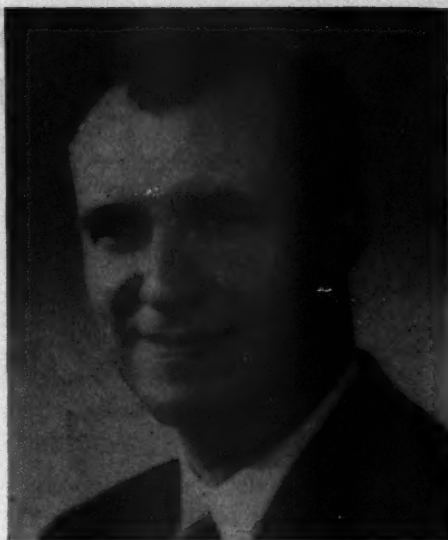

### **PRESIDENT**

Dr. Walter E. Dundon steps into the office of President of the Chicago Dental Society with a distinguished record of past achievements in the field of dentistry. For many years he has served diligently not only the Chicago Society but the Illinois State Dental Society and American Dental Association as well.

He has been a member of the Kenwood-Hyde Park Branch since 1928, has been active on branch committees throughout the years, and has held the office of Vice-president. His services to the parent society have been many. In 1948 he served as Vice-chairman of the Publicity Com-

mittee for the Midwinter Meeting. From 1948 to 1951 he was a member of the Board of Directors representing the Kenwood-Hyde Park Branch. In 1951 and 1952 he served as Chairman of the Legislative and Law Enforcement Committee, and was a member of the Federal Health Legislation Committee. In 1955 Walter served as Chairman of the Program Committee for the 90th Midwinter Meeting. As Chairman of the Prosthetic Service Committee he has also rendered outstanding service. As Treasurer, Secretary and President-elect of the Society, he has served with distinction, giving to each office the benefit of his years of experience in the service of organized dentistry. In the State Society Walter has served on a number of committees, among them the Illinois State Dental Society Prosthetic Service Committee. He was Vice-chairman of the Illinois State Dental Society Public Policy Committee in 1952. Active in the American Dental Association, Walter was a member of the Publicity Committee for the A.D.A. Meeting in Chicago in 1948. He was an alternate delegate to the A.D.A. Meetings in San Francisco in 1949 and Washington, D. C. in 1951. In 1952 he was a delegate to the A.D.A. Meeting in St. Louis. He has been a member of the A.D.A.'s Council on Dental Trade and Laboratory Relations since 1952, and has been Chairman of the Council since 1954. In 1950 and 1951 Walter was Vice-president of the Odontographic Society of Chicago and has served as its Secretary since 1951. He is a member of its Board of Governors, currently serving his second five-year term of office. He is also a member of Delta Sigma Delta and Omicron Kappa Upsilon fraternities, is active in the Graduate Chapter and a Life Member of the Supreme Chapter. He is a fellow of the American College of Dentists and the Executives Club of Chicago.

Walter was born in Norfolk, New York, on March 13, 1903, and grew up in the Adirondack Mountain section of that state. He came to the Chicago College of Dental Surgery in 1923, graduated in 1927, and began the practice of dentistry

**Dr. James N. Lynch, Vice-president**

in Hyde Park. His office is now located at 111 North Wabash Avenue in the Loop. His wife, Kathryn, shares his interest in Society affairs and will be a real help to him during his term as President, as she has always been in the past. We know that with Walt at the helm, our Society will have another great year and we wish him the best of luck in all his endeavors.

#### **VICE-PRESIDENT**

Dr. James N. Lynch, who has just completed a busy and successful year as Treasurer of the Society, will serve as our Vice-president. He is a native Chicagoan, having been born and raised on the South Side. After his graduation from Mount Carmel High School in 1930, he entered the University of Illinois and was graduated from the Dental School in 1937. He maintained his practice on the South Side until 1943 when he entered the Navy. He has practiced in Evanston since his return from service.

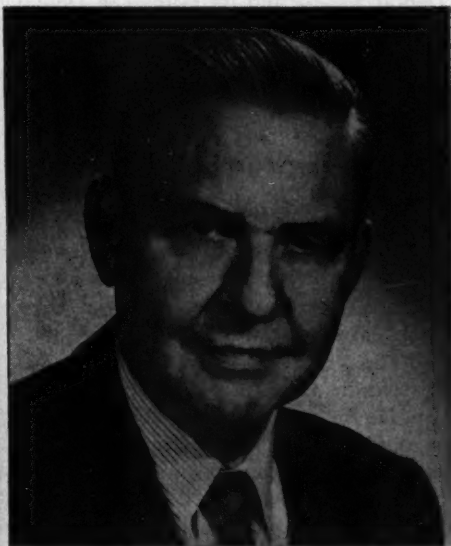

Jim has been active in dental society affairs for many years. He has presented clinics and held various offices in the Illinois State Dental Society, the Chicago

Dental Society and its branches. He was Chairman of the Publicity Committee of our 1955 Midwinter Meeting, is a past-President of the University of Illinois Dental Alumni Association, and recently served as Program Chairman for his branch, North Suburban. Dr. Lynch resides in Glenview with his wife and their four children.

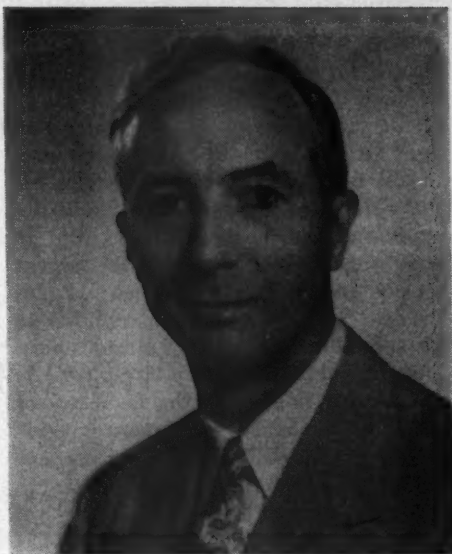

#### SECRETARY

Before too long our newly-elected Secretary, Dr. Ernest Goldhorn, will again assume an active participation in the affairs of the Society. Ernie has made a very remarkable recovery from the most unfortunate and serious accident which befell him at the time of the last Midwinter Meeting. To this office Dr. Goldhorn brings a year's experience as Vice-president, which added to the three years he served as director should prove to be very helpful in carrying out the many details and responsibilities which fall on the shoulders of the Secretary.

Ernie has served his Branch, Englewood, on many committees and in all offices including that of its presidency in 1949. He has served on many committees

**Dr. Ernest Goldhorn, Secretary**

**Dr. William O. Vopata, Treasurer**

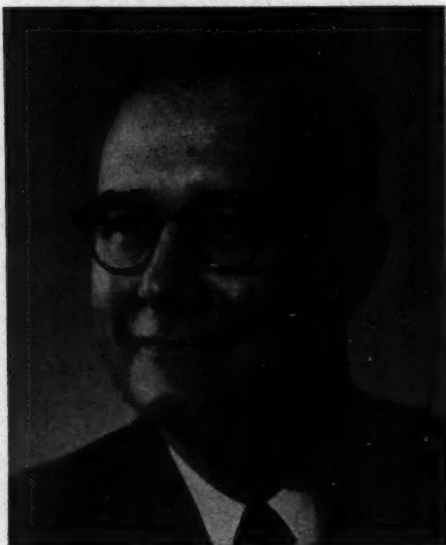

of both the Chicago Dental Society and the Illinois State Dental Society. At the present time he is a member of the very important Committee on Group Dental Health Care Plans. Ernie has had vast experience in the field of industrial dentistry having served for 27 years as Director of Dental Health at the Pullman Company and as President of the American Association of Industrial Dentists. He had much to do with the formulation of the program for industrial dental care for the Illinois State Dental Society which has become pretty much the plan adopted by many other states. So it is readily to be seen that the secretaryship will be in very capable hands.

Dr. Goldhorn is a native Chicagoan, received his preliminary education in the public schools of this city, is a graduate of Chicago College of Dental Surgery, Loyola University, Class of 1921. Since graduation he has been engaged in general practice in the Roseland community. He is a member of Psi Omega fraternity, Federation Dentaire Internationale, and Kensington Blue Lodge of the Masonic order. Ernie lives with his wife and son in the Roseland area where he also participates actively in civic affairs.

## TREASURER

Into the very capable hands of Dr. William Vopata will fall the purse strings of the treasureship of the Society on June 1st. Bill will not be new to the ways of the Board for he did an exceptional job while Director from West Suburban, experience which should stand him in good stead. He has served the parent society on many committees. In his Branch, West Suburban, in addition to his committee service, he held all offices including that of Branch President. At the present time he is the Secretary of the Relief Council of the American Dental Association where he has given yeoman service. He is a member of the Sanders Research Study Club.

Dr. Vopata received his early education in the Chicago schools and was graduated from Northwestern University Dental School in 1931. During the War, Bill was in charge of prosthodontia at Fort Sheridan and he is now Lieutenant Colonel in the 108th Med. Bat., 33rd Division of the Illinois National Guard. He is a member of Xi Psi Phi fraternity and of Omicron Kappa Upsilon honorary fraternity.

Dr. George W. Teuscher, President-elect

Bill lives in Riverside with his wife and four lovely daughters who keep Pops pretty busy looking after them. We can look forward to a fine job by the boss of the exchequer.

## PRESIDENT-ELECT

Our President-elect, Dr. George Teuscher, will be installed in May of next year, taking over the presidency the following month. In the meantime he will busy himself with the Midwinter affairs of the Society and render such aid and counsel as his broad background of experience qualify him to do.

Dr. Teuscher was born in Evanston where he received his preliminary education, and is a graduate of Northwestern University Dental School. In addition to his D.D.S. degree, he holds degrees of Master of Science in Pedodontics, Master of Arts in Education and Psychology, and a Doctorate in Education. With such a record of distinguished service as a student, teacher, and more recently Dean of his alma mater, Northwestern Dental School, we can justifiably be proud of our President-elect. He has been active in the Chicago Dental Society, Illinois State Dental Society and the American Dental Association, having served on many committees and councils. He has been President of the American Society of Dentistry for Children, is a member of the American College of Dentists, Chairman of the Illinois Section of the College, Secretary-Treasurer of the Supreme Chapter of Omicron Kappa Upsilon Honorary Fraternity, and past-President of the Odontographic Society of Chicago. He is also a staff member of Wesley Memorial Hospital, consultant to the V.A. Research Hospital and to the American Dental Association Council on Dental Education. He is a member of the Rotary International, Tavern Club, University Club and many other organizations.

George's family—his wife, Eleanor, and children, Carol Ann and John—find time to share this very busy life with Dad in

# NEWS AND ANNOUNCEMENTS

## STANDARD INVITES YOU TO VISIT ITS NEW QUARTERS

An announcement has been made to the profession of the removal of Standard Dental Laboratories from 225 North Wabash Avenue to 228 South Wabash Avenue—and an invitation extended to the dentists of Chicagoland to visit and inspect the new quarters.

## THE HERBERT E. PHILLIPS MEMORIAL FUND

Friends of the late Dr. Herbert E. Phillips organized a committee to accept gifts to establish a Herbert E. Phillips Memorial Fund. Dr. Phillips was for many years a very active participant in the affairs of the Chicago Dental Society and particularly in the Englewood Branch in which he resided. He made many contributions to the advancement of the dental profession, especially in the socio-economic field, and gave dynamic leadership to the Chicago Dental Society during the first two decades after the first World War. While he never sought public recognition or honors, his active participation in the work of the Chicago Dental Society will long be remembered by those who knew him. The committee consisted of LeRoy E. Kurth, Lon W. Morrey, B. S. Partridge, J. W. Stocks, I. M. Stransky, and Milton Cruse (deceased) and Charles W. Freeman, Co-chairmen.

The funds which have been received have been deposited with Northwestern University to establish a loan fund for

students in the Dental School, with the restriction that the loans be made on the basis of deserving need rather than on scholastic attainment. This fund has been established with voluntary contributions but additional contributions can be accepted by addressing the Chairman.

The committee believes that the life and work of Dr. Herbert E. Phillips deserves this memorial.

## LOYOLA WILL PRESENT SEMINAR FOR HYGIENISTS

Loyola University School of Dentistry will again present the annual seminar for the Illinois State Dental Hygienists Association. The one-day meeting will take place on Wednesday, May 29th, and have as its theme, Therapeutic Root Planing in Periodontics and Oral Hygiene. Dr. Balint Orban and Dr. Frank M. Wentz will be the moderators.

## PAY INCREASES PROPOSED FOR VA DOCTORS

To encourage physicians, dentists and nurses to take up careers in Veterans Administration, Rep. George Long (D., La.) in H.B. 6719 proposes increases averaging between 10 and 12 per cent, from the chief medical director on down. The bill also authorizes practice by optometrists in VA facilities. The measure would affect 4,600 physicians, 785 dentists and 14,850 nurses. The House Veterans Affairs has received testimony from top VA officials that one of their problems is recruitment of professional personnel because of present salary scales.

## Help Yourself—Today!

Our colleagues across the border in Canada have something that you and I don't! But we can get it if we want it badly enough—here is what it is: A ten per cent reduction from the total earned income we report in computing our income tax (up to \$5,000) which we have placed into a voluntary retirement program.

The Canadian Legislature made this law just last month. We have legislation started that would do just the same thing for us but it is bottled up in the Ways and Means Committee of the House of Representatives in Washington and unless we do something about it, it will probably stay bottled up.

We should write today to get this legislation moved out of the Ways and Means Committee. It is called House Bill 9 and House Bill 10 or the "Jenkins-Keogh Bill" after the Congressmen who have fostered the bill for us. We should write to

Honorable Jere Cooper  
House of Representatives Office Building  
Washington, D. C.

and send a carbon to the representative from your own district.

Your letter should be simple and short, of course. Be sure to say who you are and why you feel the Jenkins-Keogh bill should become law. Say that you feel you should have a chance to put aside savings now in your good earning years and defer paying income tax on the amounts you save. Men in industry are exempt from income tax on the amounts that go into company pension plans. Why should dentists and physicians and accountants and lawyers be penalized when they set up their own pension plans? Self-employed men are certainly entitled to the same treatment as those who work for corporations.

Ask Mr. Cooper to hold hearings on the bill so that dentists and these other groups can make themselves heard. Urge him to take the bill out of committee for a vote by the House.

Send the carbon to your own representative and suggest he ask any member of the Ways and Means Committee he knows to take action to hold hearings or get the bill on to the floor of the House. Mr. Cooper is the Chairman of the Committee and the key man to take action but every small bit of pushing helps.

Do it now! Use your letterhead or a bill form with your name on it. Make your influence count!

### **PURPOSE OF THE JENKINS-KEOGH BILL:**

The purpose of the plan is to establish a method for self-employed persons to build up savings toward their retirement in a manner similar to that now available to employed persons, including corporate executives. Under present provisions of the Internal Revenue Code, a corporate employee covered by an approved pension plan is not required to pay income tax on the employer's contributions to his pension fund. The employee will pay income tax on his employer's contributions only after he (the employee) begins to receive these amounts in pension benefits. In effect, the employee, during his years of highest earnings, is permitted to declare part of his income as non-taxable.

That income does become taxable later, but at that later time he is likely to have much less earnings, be in a lower tax bracket and thus enjoy an obvious advantage.

The Jenkins-Keogh bill would permit self-employed persons to defer the payment of income tax on the yearly amounts those persons contribute to approved retirement funds or toward the purchase of approved annuity contracts. The amount that a self-employed person could deduct annually would be limited to ten per cent of gross income up to an annual maximum of \$5,000. The amount invested with accumulated earnings would become taxable as the yearly withdrawals were made after the person reached age 65. Withdrawals before age 65 would be permitted only upon a showing of total and permanent disability. In effect, the self-employed person, like the corporate employee under an approved pension plan, would be able to defer payment of taxes upon a portion of his income earned during high earning years and make those payments during low income years.

#### FOR THE YOUNGER DENTIST

The form that the Jenkins-Keogh bill now takes provides that withdrawals may be made from funds the individual self-employed person may have accumulated. He would be required to pay taxes on such funds withdrawn ahead of time about equal to what he would have paid on them had he received the income and not set the money aside at all but this is a minor consideration as it is contemplated that the withdrawal of such funds is not the intent of either the government or the individual. Your money is not sealed up and untouchable but you lose your tax advantage if you take it out.

---

## Public Denturists Bill Up for Springfield Action

House Bill 1027—now up for action in the State Legislature, similar to previous H.B. 1118 but even worse in many ways, can and will seriously jeopardize the oral health of the public. It will divest the dentist of his responsibility for the oral health of his patients and shift all responsibility for all denture work in the mouths of patients, except taking the original impression, in the hands of dental technicians.

Contact your representative to the legislature in Springfield at once. Tell him definitely that this bill is designed by the few laboratories in Illinois that have been trying to practice illegal dentistry just to protect their financial welfare; that the bill would make "public denturists"—licensed to treat patients—out of these men who have been practicing illegally—not out of the good, sound laboratory technicians whose ethical operations have provided dentists with the mechanical aid that is a part, but only a part, of proper restorative technics. It would legalize men who have never worked for and with dentists, much less experienced any training in dentistry. This bill would create a viciously attractive source of supply for a vitally important health service that would entice patients into purchasing cheap imitations of properly designed prosthetic devices, imitations that can only end in wrecked mouths and impaired general health.

By the time this FORTNIGHTLY reaches you, the bill may already have been acted upon. But, if it has not, please take the time to see that your legislator knows its true character and that he learns from you as a man of science just what great harm its passage could do.

# NEWS OF THE BRANCHES

## West Suburban

Calendars should be marked for the annual Monte Carlo night of the Far West Study Club to be held Tuesday, May 28, at Woodridge Country Club, Route 53, 1½ miles south of Lisle. The buffet dinner will be served at 6:30 p.m. . . . Richard Zelenka, Riley Crane and Mel Genaze were part of the group which visited the Eli Lilly laboratories. They report a well-organized excursion which was both informative and enjoyable. . . . President Wallace Kirby's brother, John D. Kirby, a professor of philosophy at Memphis college, Memphis, Tenn., died recently following a coronary. Wallace regrets that he has been unable to attend to all details of his office with the branch because of his trip to Dallas, where the burial occurred. . . . For the second year, William Pope enjoyed fishing for smelt. He went down eagerly when the run first started. . . . L. D. Jaeger was elected president of the Far West Study Club at the season's final meeting April 25 at Louis' restaurant. His fellow officers will be: Joseph H. Ridlen, president-elect; Stanley G. Tylman, vice-president; Leslie M. Butler, secretary; Hugh Ryan, treasurer; and Robert E. Gibbs, librarian. A lecture on "Management of the Child Patient" was given by Norman Olsen, assistant professor of pediatrics at Northwestern University Dental School. Raymond R. Towarnicki was the winner of the drawing following the dinner. . . . Among the west suburbanites who recently have returned from Florida are Richard Jentzsch, Lawrence Mullineaux, Stephen French and LeRoy Sanden. . . . Dave Thompson's father-in-law, Edward Peters, died April 13 in Peru, Ill. Surviving are the widow, Ella, his daughter, Ruth Thompson, and two grandsons, Dean and Dennis Thompson. . . . A recent marriage that should be reported is that of Mark Low. Congratulations! . . .

F. G. Robeson and George F. Barnes (the latter recently established on St. Charles Rd., Villa Park) took a spring-time journey to New Orleans, Mobile and Biloxi and other points south. It's sort of a habit with these two and their wives; they have taken a trip together each year since their graduation—but they prefer not to mention their year. . . . John Poronsky was elected a director of the Damen Savings and Loan Association on Chicago's southwest side early this year. . . . Robert Fencl, still in the Air Force, plans to return to his home in Westchester by fall. He was chief of dentistry of the Stickney Township health district and practiced in Berwyn before entering service. . . . F. M. Higgins and John O'Connor attended a two-day dental seminar on practice management offered by the Dental Practices Administration group of Chicago. O'Connor recently moved to a new home in Elmhurst. . . . See you at the state meeting in Peoria. . . . We regret to hear of the loss sustained by Paul Schroeder in the death of his wife. Our deepest sympathy is extended the family. —David J. Thompson, Assistant Branch Correspondent.

## Englewood

Spring is here and has brought with it a dearth of news of the members. . . . Ray Anderson is back from the West after taking in the Los Angeles and San Francisco conventions. . . . After catching most of the smelt at the south end of Lake Michigan, Al Tanis decided he needed a vacation. He and his family are taking a jaunt to Detroit, Niagara and Canada. . . . John Brothersen (honorary member) has decided to retire after many years of service to the members. . . . Speed Shippee and Jet Jostes were speakers on a panel discussion of the relative merits of high speed equipment in dentistry.

They didn't even have to miss their golf that Wednesday because it rained anyway. . . . The *Dental Digest* asked for Marion Hopkins' clinic on "Use of Acrylic Resins in Restorative Dentistry." Look for it in the fall issue. . . . Circle June 12th on your calendar; it's the day for the Englewood Golf Outing at the Navajo Country Club. . . . Help! Help! Please send news for the next issue to Marion Kostrubala.—Bob Hilton, Assistant Branch Correspondent.

## North Side

The big North Side GOLF OUTING will be held on June 5th again this year at Glendale! Remember the big rib roast dinner? The wonderful prizes? The beautiful weather? The perfect grounds? The congenial and convivial fellows? All this and more, this year. Contact Frank Hanagan for reservations. . . . By the time you read this, our election and installation of officers will have taken place at our May 7th meeting. The following officers will have been elected unanimously as per our unopposed slate:

President, Arthur Duxler; Vice-President, Frank Hanagan; Secretary, I. H. Shapiro; Treasurer, Stan Goldberg; Librarian, Herbert Krummel; and last but not the least, Branch Director, Paul Brown. . . . Our many thanks to the outgoing officers, for a job well done. This year we have accomplished many things which we have set ourselves to do. We have had better meetings, better attendance and better meals. We have had some very successful and well attended Workshops, and clinics. We have materially helped secure OASI for dentists. All in all, I would say that we have given a fair equivalent for the privilege of being members. . . . I hear that Herb Gordon is getting married. Congratulations! . . . Walter Davis is moving into a new office in the Edgebrook Medical Building. Good luck, Wally. . . . Bob Steinmetz will attend the Kentucky Derby this year. I hope he has better luck than I on the races. . . . The Harold Sitron family, *en masse*, just came back from a trip to Springfield and New Salem, where they inspected the Lincoln homestead, and discovered that Abe had

(Continued on page 27)

## Chicago Dental Society Meeting April 23, 1957

The meeting was called to order by President Luebke at 8:15 p.m. in the Williford Room of the Conrad Hilton Hotel. It was moved and seconded that the minutes of the January meeting, as published in the February 1st issue of the *FORTNIGHTLY REVIEW*, be approved. There were no reports of standing or special committees.

Under new business, Dr. Luebke announced that the Committee on Elections had nominated the following candidates:

President-elect—George W. Teuscher  
Vice-president—James N. Lynch  
Secretary—Ernest Goldhorn  
Treasurer—William O. Vopata

In view of the fact that there had been no further nominations, he would ask the Secretary to cast a ballot for the candidates. Dr. Teuscher, Secretary, cast the ballot as instructed.

Dr. Robert Tuck, Chairman of the Monthly Program Committee, introduced Dr. Robert G. Kesel, who had made arrangements to have the speaker of the evening come to Chicago to address us. Dr. Birger N. Ostby, of Oslo, Norway, was then introduced. He spoke on the subject of "Endodontics."

The meeting adjourned at 9:30 p.m.

Respectfully submitted,  
George W. Teuscher, Secretary

## NEWLY ELECTED OFFICERS

(Continued from page 8)

things that make for a happy and wholesome American family.

We know that the Society will be in good hands when he assumes office in 1958.

## DIRECTORS

The new Director from South Suburban, to succeed Dr. Neil Kingston, will be Dr. Clarence (Smiley) Simon of Harvey, Illinois. He was born in Princeton, Ill., where he received his preliminary education. After attending South Dakota College (School of Engineering) he enrolled at Northwestern University Dental School and graduated in 1925. While at Northwestern, Smiley played varsity football. For a year after graduation he practiced in Prophetstown; then in 1926 he moved to Harvey where he has maintained a very busy general practice. Smiley has always found time to hunt and fish, and this he has done from Mexico on the south to the Polar regions on the north and points east and west in between. He is a member of the Campfire Club of Chicago and the Adventurer's Club of Chicago, which pretty much tells the story of his hunting prowess. He has served South Suburban as a member of many committees, as an officer and as its president; the Chicago Dental Society on many committees and most recently as Chairman of the Registration Committee of this year's Midwinter Meeting. He is a Kiwanian, active board member of Harvey Y.M.C.A., and a member of Pierre Fauchard Academy, and for six years served on the Thornton Township High School Board of Education. We are sure that the directorship will be in very capable hands.

Dr. Jesse Carlton will succeed Dr. Wayne Fisher as the director from Kenwood-Hyde Park. Jesse was born in Streator, Illinois, attended grade schools in Illinois and Iowa and received his high school education in Anita, Iowa. He attended Valparaiso University and in 1915 entered Chicago College of Dental

Surgery, Loyola University, transferring in 1916 to Vanderbilt University from where he was graduated in 1918. After graduation he practiced in Tennessee for five years and in 1923 came to Chicago. Dr. Carlton has been very active in Society affairs, having served on many committees in Kenwood Branch as well as having held all offices including that of Branch President in 1952-53. For many years he was a member of the Limited Attendance Clinics Committee and of the Ethics Committee for the parent society, also serving as chairman of each committee. Jesse has been a very busy clinician and essayist—he has presented programs on Full Dentures before the Greater New York Meeting, Chicago Dental Society Midwinter Meeting, Nebraska, Indiana, Iowa and many other state society meetings. He has also appeared on many Branch meeting programs. Many of his articles have been published in the dental literature. At the present time he is a lecturer on Full Dentures at Northwestern University Dental School.

Dr. Carlton is a life member of the American Dental Association, Illinois State Dental Society and Chicago Dental Society, a member of the American Denture Society, Pierre Fauchard Acade-

my and an honorary member of the Nebraska State Dental Society. For the past ten years he has been a member of the Selective Service Board. Certainly Jesse comes to the Board with excellent qualifications.

Dr. Adolph F. Stark, our new Director to the Chicago Dental Society from the West Side Branch, was born in Red Wing, Minnesota. His dental studies were interrupted during World War I, when he enlisted in the Air Force. He served with distinction in England and France as one of our first aviators abroad. Following the war he returned to his dental studies at the Chicago College of Dental Surgery, Loyola University, graduating in 1921.

"Starkie," as he is known to his friends, has served his Branch long and faithfully on numerous committees. He has been Clinic Day Chairman, Branch Correspondent, Secretary and President. He has also been active on numerous Chicago Dental Society committees, among them being the Ethics, Motion Picture, Limited Attendance Clinics, and Essay and he was Program Chairman for the 1956 Midwinter Meeting. He is a member of the Xi Psi Phi fraternity and is Vice-president of the Chicago Alumni Chapter at the present time.

## NEWS OF THE BRANCHES

(Continued from page 14)

wall-to-wall carpeting in those days. . . . Our sympathies with Al Gerber on the loss of his father-in-law, Dr. Hyman, also a dentist. . . . Congratulations to Ed Walker on his elevation to Shriner. . . . I understand that Henry Parkin will be our next Correspondent. A better man couldn't have been selected. Let's all help him out with news. . . . MARK your CALENDARS, NOW! BIG GOLF OUTING at GLENDALE COUNTRY CLUB. Call Frank Hanagan, AM 2-0403, for your reservation!—*I. H. Shapiro, Branch Correspondent.*

## West Side

Attention, all members of the golfing fraternity in the Chicago Dental Society. You are invited to attend the kickoff golf outing of the year, being held by the West Side Branch. Beautiful Glendale Country Club is the place and the date is May 22. If you don't play golf come to the dinner at 7:00 p.m., Glendale is noted for its fine food. There will be lots of door prizes and golf prizes awarded to the lucky ones.

Chick Vission is the chairman, assisted by Al Sells, and believe me they know how to run a golf outing. If you like to play cards or bend the elbow come out to Glendale on May 22. Get up a foursome, and tell your patients you have 18 cavities to fill. . . . Bob Tuck is taking his new Buick on a shakedown cruise to the Ozarks in May. . . . George Barnes is a full-time suburbanite now, practicing in Villa Park. George and Mrs. Barnes motored to Mississippi for a week of relaxation. Drop in and visit us at the Martinique some time, George. . . . Harry Brown spent a week in Long Island, New York visiting his son, who resides there. Says he liked it so well he hated to come home. . . . Irv. Robinson conducted a table clinic at the Northwestern Homecoming. Saw Carl Weiss there looking over the clinics. I notice that Carl is driving one of those snappy new Chryslers. . . . Don't forget the Eli Lilly tour, September 18-19-20, see Andy Kelleher for your reservation. A good time to do this would be at the golf outing. . . . There will be no more beer sold in Wrigley Field, know why? The Cubs lost the opener. . . . Pop Rakow asked me if I would make a set of dentures for that termite. . . . That's all for now, hope to see you at

## Kenwood-Hyde Park

There is a *golf date in your future*—June 12 at the *Southmoor Country Club*. Ascher Jacobs the well-known tournament manager has promised a very fine day. Come out early and enjoy a full day of golf, cards and good fellowship. The bar will be open early for those who want to have a real good time. *Don't wait* any longer call Ascher Jacobs at PL 2-5322, and make a reservation. Ascher has hired extra help to handle the flood of calls. After seven martinis, Mac McNulty has promised to put on a trick shot exhibition—he may even bring his golf clubs. Harry Hartley will be sporting his new Buick at the golf outing and will be glad to give a demonstration ride. . . . The chief curator of the Museum of Natural History has invited Stan Korf to go on an archaeological expedition in the White Mountains of Arizona to study certain tribes of South West Indians. Stan jumped at the opportunity and should have some very interesting tales to relate when he gets back. . . . Byron Kelly reported that A. E. Phillips had an accident and is confined to the I. C. Hospital, with his leg broken in four places. A card might help to cheer him up. . . . Roy Eberle gave a clinic up Milwaukee way on May 1st. . . . Congratulations are in order for Ben Gans

who recently passed the American Board of Oral Surgery examination. . . . Willard Johnson bagged a sailfish during his Florida trip and will soon have a certificate to prove it. . . . Larry Johnson is just back from a trip to Boston, Cape Cod and Nantucket and Lake Placid. . . . Don't forget to call Ascher Jacobs and make that reservation for the **KENWOOD GOLF OUTING on JUNE 12 at the SOUTHMOOR COUNTRY CLUB.**—*Howard J. Harvey, Branch Correspondent.*

## Northwest Side

"It takes too much energy to moan; why not relax by working a bit?" That's what President Frank Brzezinski told me when he selected me as Branch Correspondent for the season. So I worked just a little bit more than a "bit," and enjoyed myself as an amateur columnist. With this issue my duties officially end. In my own uninhibited, extraverted, compulsive zero I.Q. sort of way, I had some problems,—telephone calls, personal contacts, attendance at society meetings and functions, and traveling over the entire Northwest Side were some of the requisites to fill the job as Branch Correspondent. I'm grateful to all my informants for news and suggestions, to all who mailed me correspondence at intervals and of course I'm grateful to the business staff of the Chicago Dental Society. My associations were happy and my experiences will be long remembered.

## ANNOUNCEMENT

**A RESEARCH REPORT . . . McCOLLUM & STUART . . . \$6.00**

BASIC TEXT FOR THE POST GRADUATE COURSE IN GNATHOLOGY,  
SCHOOL OF DENTISTRY, UNIVERSITY OF SOUTHERN CALIFORNIA

AVAILABLE AT ALL MEDICAL BOOK STORES, OR ORDER DIRECT  
**SCIENTIFIC PRESS 30 North LaSalle Street Chicago 2, Ill.**

. . . J. J. Applebaum and wife, Muriel, celebrated their 21st wedding anniversary by attending the 10th anniversary of the Uptown Dental Forum at Pewaukee, Wisconsin, in company with B. H. and Frieda Legator. . . . C. S. Lisowski presented a table clinic on "Stabilizing Balance in Full Dentures" at the 74th Annual Homecoming of Loyola University. . . . Glenn Cartwright is still recuperating at Augustana Hospital—visitors are not allowed. However, you can write to him—Room 816. . . . Moving an office to a new location is a tiring chore. Iver Oveson moved from the Pioneer Bank Building to 3942 West North Ave. recently. Because the effort expended in moving is so tiresome and exhausting, wife Helen decided Iver needs a rest. So she packed the family traveling bag and toted her darling to Florida. Good girl, Helen. About the time you read this, Ladies' Night will be history but the Golf Outing is in its format. The date is June 5th at White Pines Country Club. . . . Send your news items for the next issue to the acting Correspondent, James J. Guerrero, 5522 W. North Ave., MErrimac 7-4474.—*Tour Retiring Branch Correspondent, John M. Gates.*

Someone has figured out that the peak years of mental activity must be between the ages of four and eighteen . . . at four we know all the questions . . . at eighteen we know all the answers.

## NEWS AND ANNOUNCEMENTS

(Continued from page 10)

tion has been announced by Dr. Arthur W. Kellner, general chairman of the committee on local arrangements for the meeting.

The annual meeting will be held November 4 through 7 in Miami and Miami Beach.

A map showing locations of the three areas together with an official application form for hotel reservations will appear in all issues of *The Journal of the American Dental Association*, beginning with the May issue. The address of the A.D.A. Housing Bureau is Box 1511, Miami Beach, Fla.

## REMEMBER THESE DATES

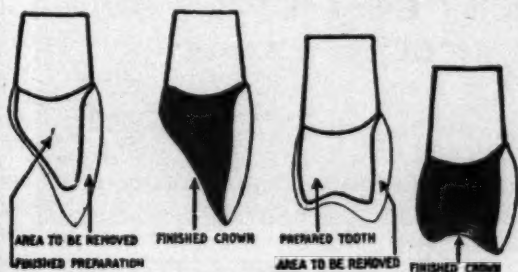

The Chicago Dental Society disability plan has premium due dates of November 1st and May 1st; the hospital plan, February 1st and August 1st. The grace period expires 31 days after above dates. Do not allow your policy to lapse. Your premium must be paid before the expiration of the grace period.
